

AAKASH KHANAL

A fullstack web developer

aakashkhanal015@gmail.com

Kalanki, Kathmandu, Nepal

Profile

Have been working with fullstack web development for two years using **MERN** and **PERN**, I am keen to pursue a career in this field. I may be lacking on real life work experience, but what I have are ton of self made projects and most importantly the much needed young blood energy under my belt. With the knowledge, discipline and skills I have accumulated I am sure to contribute my 100 percent to the team.
